. MYERS' GALVANIC CHAIR!

vanism, Electro-Magnetism, and other forms of electricity are now extensively employed in the best institutions of the world with the most flattering results. The Galvanic Chair is one of my own invention. And one of the best-constructed Electro-Magnetic machines in use, with every necessary appliance for the treatment of various diseases. The current I use is so powerful that it is a positive fact that the majority of diseases are caused by impure blood, and I receive no unpleasant shock, but a pleasant, soothing and steady current, which enters the whole system throughout. The chair is so constructed that I can give Hot or Cold Sea or Vapor Baths, which cleanses the skin and opens the pores, thereby relieving congestion and assisting nature to remove impurities from the blood. It has been my constant endeavor to find the cause of the disease, the process of the skin must be kept open or stimulated by double action, and then follow. With my chair I can treat the most delicate patients, and by the use of it will not only relieve, but will strengthen and invigorate them, and give them strength from each application. I do away with all deleterious medicines, as I can relieve common ailments at least one shock, rendering the feelings of the patient most delightful. I equalize the circulation and tone and strengthen the whole system, from the brain to the feet through all the nervous ramifications of the various vital organs. I do not advertise to relieve one hundred cases of the haggard, downcast face of the patient, but I have cured hundreds of cases supposed to be incurable, and with my apparatus have many times on occasion over the medical effects of my treatment. I have given me opportunity to relieve, and have caused the haggard, downcast face of the patient to light up under the exhilarating effects of a vitalizing current of electricity sent by the pneumogastric nerve to the stomach, and I have caused many a stammering tongue to run and rejoice in the restoration of partial, contracted, stiff and withered limbs, and in all diseases I cause beneficial results which are wonderful. In making electricity act as a tonic again, I do not rely upon it to the exclusion of every other treatment, but I use it in connection with, and regarded as an adjunct, with a judicious system of medication, I am enabled to more and speedier cures than I can with either alone. Progressive science has made many old theories.

INHALATION.

have just introduced a new treatment by inhalation, by which lung diseases and catarrh are cured speedily.

I HAVE NO ONE CURE-ALL,

I make a hobby of any one mode of treatment. I use electricity or medicine, or both, as my case may require. I believe in proving all things and holding fast to that which is good. I claim that it is a positive fact that the majority of diseases are caused by impure blood, and the only way to promote a cure is to remove the poison and build up the system. Most medicines are obstructives; they obstruct the excretory organs to do their proper duty. I find the cause, remove it, and build up the system. I claim that no disease can be cured by medicine, because it is impossible. Diseases caused by medical remedies properly applied, will promote a cure without fail. I have had success in all diseases of the Throat, Lungs, Heart, Stomach, Liver, Bowels, Kidneys, Bladder, Womb, Blood, Affections of the Urinary Organs, Gravel, Piles, Bunions, Rheumatism, Catarrh, Bronchitis, Dyspepsia, Diseases of the Eye and Ear, etc.

TO THE LADIES.

the ladies I would say: Yes whose sufferings have become intolerable, and who have tried a thousand deaths from those diseases so common to your sex, give me a call. Don't let me you without fail, and make your lives once again worth living for. And all cases of Female Weakness will be strictly private and confidential.

YOUNG MEN.

those young men who have suffered from year to year, and whose vital powers have been impaired by the terrible system of exposure and broken down, and are suffering all the horrors from the effects of youthful follies, come and see me. I can restore you to perfect health. There are decay and early death. To those who, from indiscretion, have contracted habits of evil which are destroyed of being cured, come without fail, for I can guarantee you a perfect cure.

CONSULTATION FREE.

rite the sick, no matter what their diseases may be, to call and investigate for themselves before spending all hope, for it will cost you nothing. I give no one encouragement to have to take a false prospect of making a cure. I will endeavor to be candid in my opinion, and if incurable in my opinion, I will prognosticate a cure without fail.

I claim and do receive more than half the cases that come to me, and that too in person, mostly from New York City, and a graduate of one of the best medical colleges in the country, and a most thorough Electrician, and have had many years successful practice in the treatment of both acute and chronic diseases. To remove all doubts and cavils, I will say that I claim nothing but what I am. I refer to my diplomas and the numerous monuments of my success which will remain as a proof of my skill. I am a permanent fixture, and have located permanently in this city, and all I ask is the candid investigation of the public, which I hope to merit your confidence and give entire satisfaction to all entrusted to my hands. My patients will be candid, honest dealing, and years of experience in the treatment of various diseases.

Consultations at my office, No. 614 Solomon Block, South Spring street, between Fourth and Fifth streets. Hours—From 10 A. M. to 4 P. M., Sundays, 10 A. M. to 12 M. Patients can secure board and lodging in same building. I will personally visit patients in the country. All correspondents desiring an answer should enclose a postage stamp and address.

CONSUMPTION

Throat and Lung Institute,

—At Detroit, Michigan.—

Our California office is personally conducted by Dr. Williams, and is permanently established for the cure of

All diseases of the Head, Throat and Chest, viz: Catarrh, Throat Diseases, Asthma, Bronchitis, Consumption, Catarrhal Deafness, Catarrhal Opthalmia and Diseases of the Heart, by his new and improved system of Medicated Inhalations, which carry the remedies directly to the seat of the disease, by effecting cures in the many of the so-called incurable cases, the great part of whom had not the slightest idea of ever being cured.

OZENA.—Ozena in the professional or technical name given to an advanced form of catarrh in which ulceration has eaten through the mucous membrane and bone to the cartilage of the bone. Any case of catarrh may end in ozena, but it most frequently occurs in those who are naturally scrofulous. The discharge takes place through the nostrils or through the throat, and is generally of a yellowish or greenish yellow color, frequently tinged with blood, and almost always of a most offensive smell. Dr. Wood, surgeon of the Marine Hospital service, says of Dr. Wood, of Philadelphia, "the disease is one of the most obdurate and disagreeable with which the patient can be afflicted. In bad cases the breath of the patient becomes so revolting as to isolate him from society, and renders the object of it the most unhappy even to himself."

In some instances pieces of bone become separated and slough off, leaving deep, unhealthy ulcers, which secrete a blood mattor and are extremely difficult to heal.

After Ozena has continued some time the sense of smell usually becomes impaired and often lost.

Deafness is one of its most common consequences, and results from its extension through the Eustachian tubes to the internal ear.

Pains in the head and over the frontal sinuses, impairing memory, and even insanity frequently spring from its extension to the brain.

The greatest danger, however, because the most common, is that it will extend downward into the throat and lungs. In cases of pulmonary disease catarrh is present in some degree, and in many instances it causes a larger share of the patient's discomfort.

Besides these grave consequences, all of which are liable to spring from scrofulous catarrh or Ozena, there are others which, if less dangerous, are sufficiently unpleasant. If occasions great unhappiness to thousands of both sexes, by isolating them and preventing their settlement in life. An offensive running from the nose, with bad breath, is about as great a calamity as can befall young people. A positive cure can be effected in every case if taken in time.

CONSULTATION FREE.

Those who desire to consult me in regard to their case had better call at my office for consultation and examination, but if impossible to do so can write for a copy of my Medical Treatise, containing a list of questions.

THE OFFICIAL COUNT PROGRESSING.

A List of the Counties in Which the Canvass Has Been Completed—Likelihood of Settlement To day.

The canvass of the returns by the County Supervisors in New York has so far developed no errors of a serious nature. Thirty-three out of the sixty counties which compose the State have been heard from officially, and their returns do not differ materially from the figures furnished directly after the election. Twenty-seven counties still remain to be heard from, New York and Kings being among the number. It is quite probable that in these two counties the Republican National Committee base their hopes of overcoming Cleveland's alleged plurality. The result may not be known for several days yet.

IN NEW YORK CITY.

How the Count is Progressing—Adjournment.

Associated Press Dispatches to The Times.

NEW YORK, Nov. 11.—To-day at noon the Board of Aldermen were sworn in as a Board of County Canvassers. Charles B. White (Rep.) was elected Chairman of the Board. The room was filled with lawyers, interested in the count, and spectators. Among the lawyers present representing the Republican National and State Committees were Wm. M. Evarts, Col. Geo. Bliss, Robert Sewell, Clarence A. Seward and Wm. Allen Butler. The Democratic National and State Committees were represented by General Francis C. Barlow, Franklin Bartlett, Aaron J. Vanderpool, Charles P. Miller, Francis M. Scott, Francis L. Stetson, Edward R. Bacon, and James C. Carter.

A resolution was offered that none but those having business with the Board should be allowed to remain in the room during its sessions. This was laid on the table. The required committees were appointed on protests supervising of returns, etc. William F. Kirk (Tammany) read a protest against any votes being counted that were cast for William R. Grace for Mayor, on the ground that it has been publicly and semi-officially asserted and vouched for by many people that Grace was not a naturalized citizen. This matter was referred to the Committee on Protests. The Board then adjourned until to-morrow. The Committees witness the count, which was only interrupted by the offering of four affidavits of men who declared they had voted for Butler in Smithfield, but believed their votes were credited to Cleveland. The Board of Canvassers took no notice of the affidavits.

CANVASSING THE VOTES.

How the Situation Stood at Midnight.

NEW YORK—Midnight.—Nov. 11.—Up to this hour the result of the ballot for Presidential Electors has been declared in 33 of the 60 counties of this State. The list of previous reports of County Clerks showed a Democratic plurality of 1,280. To-day's canvass shows a net loss to Blaine of 4 votes. The remaining 27 counties, with two exceptions, have reported progress, and will, for the most part, report the result of their canvass to-morrow. No mention is made of any serious discrepancy in the count of the several counties which will not to-day complete their official canvass. They reported that there was no reason to believe that when completed the figures would show any change from those already given. The canvassed returns received by the Democratic State Committee from 24 counties indicated a change of 6 votes in favor of Blaine against 60 in Livingston in favor of Cleveland. No returns have been received by the Republican National Committee at the Victoria Hotel, and Chairman Draper, of the Republican State Executive Committee, could not be found. General John Knapp, a stalwart Republican from Auburn, said he believed the official canvass would make no material change in the published returns. "If there is any hitch," said he, "it will be in New York and Kings counties. Up in the country the people knew in forty hours after the closing of the polls what the result is. I think it is a sure thing." The official canvass of the Kings county Board of Supervisors returns in six wards examined to-day, beginning with the first, showed Cleveland to have 14,229 votes, and Blaine 8,216.

THE COUNT IN THE STATE.

Reports of Progress in Different Counties.

NEW YORK, Nov. 11.—Several counties have reported to the Secretary the official canvass up to 2 p. m., but in none of them have any notable changes taken place. One county found irregularities that compelled an adjournment until to-morrow. The irregularities were, however, purely technical. Machinery in New York and Kings counties will move slowly, and no statement of final results will be made for some days.

SARATOGA.

SARATOGA, Nov. 11.—The Saratoga county official canvass gives Blaine 8,190; Cleveland, 5,846; Butler, 92; St. John, 425.

NIAGARA COUNTY.

The Board of County Canvassers of Niagara county met this morning and adjourned until to-morrow evening.

SCHOHARIE.

SCHOHARIE, N. Y., Nov. 11.—The official canvass of the vote in Schoharie county give the following figures: Blaine, 3,472; Cleveland, 5,339; Butler, 37; St. John, 173.

QUEENS COUNTY.

In Queens county the Supervisors sent back the returns of nine districts to the Inspectors. In each case the Inspectors failed to give the total number of the votes cast. When the returns from the first district of the first ward of Long Island City, were presented the counsel representing the Republican State Committee questioned their validity, claiming they were not signed by properly qualified inspectors. He said he had been told that Heany, chairman of the Board of Inspectors, left the polling place and had received no ballots and had not been present when they were cast and counted and that another person had taken his place and signed the returns without being duly qualified. Supervisor McLaughlin suggested that the objections of the counsel were interfering with the work of the Board and moved that the canvass proceed. This course was adopted and no further notice was taken of the counsel's objection. The counsel also claimed that the vote of Newtown is in excess of the registry, but upon inspection of the registry book it was discovered that it was several hundred less. It is now almost certain that there will be no change in the figures already published showing Cleveland's majority to be 1922. The Board convenes at 9 a. m. to-morrow and expects to complete the canvass of the electoral vote before noon.

RICHMOND.

The official vote of Richmond county is declared as follows: Blaine 3,164, Cleveland 5,135, Butler 75, St. John 90.

FULTON.

Fulton county: Blaine 4,617, Cleveland 3,534, Butler 38, St. John 227.

HAMILTON.

Hamilton county: Blaine 521, Cleveland 567, Butler 3, St. John 21.

OTSEGO.

The Board of Canvassers of Otsego county assembled to-day, but finding errors in the returns adjourned until to-morrow afternoon.

LIVINGSTON.

The Board of Canvassers of Livingston county met to-day, but finding errors in some of the returns sent them back for corrections, and adjourned until to-morrow. The Chairman of the Board authorizes the statement that Blaine's plurality in the county is 1,152.

CLINTON.

The Clinton county official vote is: Blaine, 5,973; Cleveland, 5,151; Butler, 19; St. John, 35.

RENSSELAER.

The Rensselaer county official vote is: Blaine, 13,759; Cleveland, 13,414; Butler, 686; St. John, 416.

KINGS.

The Kings County Board of Canvassers met to-day. A number of citizens were present, as also counsel representing the Republican and Democratic National and State Committees. John G. McKane was elected chairman, and the usual committees appointed, after which the Board went to work on the canvass.

The Queens County Board of Canvassers, also organized to-day, and will probably complete its electoral votes this afternoon.

The Board of Canvassers of Suffolk county also got to work to-day on the vote within their jurisdiction. Lawyers are present representing both the Republican and Democratic parties in Queens and Suffolk counties, to see a fair canvass.

SENECA.

The Seneca county official vote is: Blaine, 3,309; Cleveland, 3,627; Butler, 59; St. John, 119.

WARREN.

The Warren county official vote is: Blaine, 3,577; Cleveland, 2,793; Butler, 179; St. John, 123.

ULSTER.

In Ulster county some returns were sent back to the inspectors, owing to irregularities which do not affect the Presidency. Democrats and Republicans are represented by counsel.

OTSEGO.

The Otsego county vote is: Cleveland, 7,307; Blaine, 6,871; Butler, 84; St. John, 432.

NIAGARA.

The Niagara county vote is; Blaine, 5,875; Cleveland, 6,193.

ONTARIO.

The official vote of Ontario county cannot be ascertained until to-morrow, the Board of Canvassers having adjourned until 11 o'clock.

MONROE.

In Monroe county the Board of Supervisors met to-day as a Board of Canvassers. A motion to canvass electoral votes first was lost. The point was raised and sustained by the chairman, that only towns whose Supervisors have original certificates of the returns signed by the Inspector of Election, could be legally canvassed. Only 7 out of 35 Supervisors had such certificates with them. Three of these towns were canvassed and found all right. The Board then adjourned until to-morrow afternoon.

COLUMBIA.

The Supervisors of Columbia county adjourned until to-morrow for corrected returns from the first districts of Chatham and Copake.

WEDNESDAY, NOVEMBER 12, 1884.

The County Officers Elect.

The official count of the votes cast in Los Angeles county for local officers at the late election was completed yesterday, and the result, by majorities, is published elsewhere in the TIMES. The Republicans have made a clean sweep, with the exception of the County Treasurer, County Recorder and two Supervisors, which are secured by the Democrats by very slim majorities. The control of the Board, however, is fortunately placed in the hands of the Republicans.

After the first of January there will consequently be a new deal in the old Courthouse. It is time for the old crowd to give way to a new set of public servants. The people demand reform. They expect the new officers to do their full duty on all occasions to the end of their terms. They expect "administrative reform" in the Courthouse. We believe the successful Republican county officers elect, Holton, Gard, Dunsmoor, Montaño, Hammond, Fisher, Wright and McFarland, and the three Republican Supervisors elect, Foord, Macey and Lindley, are men who are qualified to meet popular expectations; and in the name of the Republican voters who have elected them to perform the county's business during the next two years, the TIMES will always demand that the public business shall be done on business principles and with an eye single to the public good.

The county offices are not eclemosynary institutions, where political mendicants are to be harbored as subordinates—pensioned on the public—nor are the places within the gift of the several heads to be used to pay off debts due political workers, or as rewards for personal service. The Republican party of Los Angeles has a right to expect that its official representatives shall also be its servants and the servants of the people, whose business they are employed to perform and whose money they receive. Only competent and worthy men, well qualified for the respective duties to be performed, should be employed as subordinates in the several county offices. And no greater number of deputies, clerks, copyists, etc., than are necessary to do the business should be employed. The county has a right to the same faithful service from its officers and employés as a merchant or other business man has to receive from those in his employ.

The men who are to fill the places in the Courthouse under Republican officeholders, after the first of January, must be Republicans, but they must at the same time be qualified for their respective employments. No employing of incompetents on the plea of alleged party service rendered and party debts due.

Let the county business be done on correct principles, and the people will approve the work and keep their agents in service indefinitely.

THE Democratic party made the local fight in Illinois upon the promised repeal of the high license law of that State. To that end the whole ticket was pledged. The ticket has been defeated, and it may be taken, therefore, that the people approve the Harper high license law. As the Inter-Ocean says: "It is worth millions to the people of Illinois—it has saved thousands of Illinois boys from drunkenness, degradation and crime. It substitutes for the cry, 'Free rum and no Sunday,' the maxim, 'High license and no whisky for boys.'" Yet, despite the indisputable fact that the Democratic party of Illinois took this hostile position towards a reasonable restrictive law, the Prohibitionists of that State, as in other States, stood in with their old-time enemies and cried, "Down with the Republicans." Was ever before seen so strange, unnatural and infamous a political alliance as that of the Democrats and Prohibitionists? Rum and total abstinence! beer and bigotry joining hands for the overthrow of the party of rational liberty, true enlightenment and moral advancement!

BOSWELL SMITH, of The Century, in speaking of General Grant's contributions to that magazine, says: "The current story that we have agreed to pay General Grant $15,000 for his four battle articles and $50,000 for his autobiography is absurd, though a royalty might possibly give him that. The fact is that we have made no bargain whatever. We shall certainly give all they are worth." The General himself, whose bodily afflictions are less severe, told a friend of mine that he enjoyed writing more than he ever enjoyed anything else in his life. "More than fighting?" he was asked; and he laughed and answered, heartily, "I never liked that."

THE original debt of Mexico, which has been recently settled with English bond-holders as a condition precedent to the restoration of diplomatic relations, was £10,241,650—a three per cent. loan issued in 1851. This debt now amounts to £20,614,527. Holders of the original debt of 1851 will receive £112 to the £100 for principal and interest, and holders of the subordinate debts created to meet interest, etc., on the original loan receive £24 to £32 10s per £100.

DURING the next Presidential term, four Justices of the Supreme Court will pass the statutory age of seventy years, which entitles them to retirement, with salary. Their names are: Chief Justice Waite, born Nov. 29, 1816; Mr. Justice Miller, born April 5, 1816; Mr. Justice Field, born Nov. 4, 1816; Mr. Justice Bradley, born March 14, 1815.

ATLANTA, Ga., Nov. 8.—The Legislature was adjourned to-day and an old rebel flag was run up on the Statehouse amid the greatest excitement on one side and glee on the other.

CITY COUNCIL.

What the Municipal Solons Did Yesterday.

PREPARATIONS FOR THE CITY ELECTION.

The Mayor on the Need of a Levee System—Monthly Reports of Officers—Routine Business.

The City Council met in regular session yesterday, President Moore in the chair.

Present—Ballade, Day, Hammel, Hamilton, Johnson, Lambie, Miles, Niles, McGarry and Sabichi.

Minutes of the last meeting read and approved.

Weekly report of the City Auditor showing condition of various funds, referred to Finance Committee.

Message of the Mayor calling attention to the necessity of commencing work on the river so that its bank may be protected from damage similar to that experienced last winter. He suggests that the bed of the river be relieved of all obstructions, particularly those just below Chaver street, and says in his opinion the matter should be placed in the hands of a very select special committee with power to act.

A proposition from the railroad company to construct a levee along the west bank of the river is likely to come before the Council ere long, but in the mean time delay is dangerous and action should be taken. The protection of the approaches to the new bridges is receiving proper attention at the hands of those to whom it is entrusted. Referred to Messrs. Lambie, McGarry and Hammel.

The Mayor reported the collection of $247.25 as fines in his Court for the month ending October 30th. Referred to Finance Committee.

The Police Commissioners presented a report showing tests of coal oil made at various stores in accordance with the order of the Council. The report shows that out of twenty-two samples submitted only two are up to the grade required by the ordinance, which, in the opinion of the Commissioners, should be even higher than it is. The Commissioners suggest that the ordinance be amended in this particular and say that they will do all in their power to enforce the present ordinance. Report approved and the City Attorney instructed to draw up a more stringent ordinance.

Weekly report of Zanjero read and referred to the Finance Committee.

Report of Superintendent of Streets showing work done and pay roll for the two weeks ending Nov. 8th. Referred to Finance Committee.

Communication from City Treasurer showing that the Street Work Fund has paid in $1685 on account of improving Orange street.

Stocks and Bonds.

By Telegraph to The Times.

NEW YORK, Nov. 11.— Governments firm at opening business. At the Stock Exchange to-day the market was irregular, but the changes in prices chiefly were unimportant. After first call there was an advance of ⅛ to ¾ per cent, Union Pacific and Vanderbilts being especially strong. Subsequently Grangers and Central Pacific weakened, Central Pacific falling off from 34¾ to 32, Northwestern from 80⅛ to 78¾ and St. Paul from 73¾ to 73⅜. Other active stocks were not affected by this decline. In the afternoon business was more active, and there was a general advance in prices. The strength of the market frightened smaller bears, who began to cover. Short interests are large, Union Pacific leading at 1-32@⅛ each, New York Central 1-64@1-32, Lackawanna 1-32@1-16, and St. Paul, Western Union and Lake Shore flat. Towards the close there was a reaction of ¼ to ½ per cent, and market left off firm. The report was current early in the day that Union Pacific is tended by issue bonds to take up the floating debt, but this was officially denied. Compared with last night's closing, prices are ¼ to 1¾ per cent lower.

Stocks and Bonds.

By Telegraph to The Times.

NEW YORK, Nov. 11.— Governments firm at opening business. At the Stock Exchange to-day the market was irregular, but the changes in prices chiefly were unimportant. After first call there was an advance of ⅛ to ¾ per cent, Union Pacific and Vanderbilts being especially strong. Subsequently Grangers and Central Pacific weakened, Central Pacific falling off from 34¾ to 32, Northwestern from 80⅛ to 78¾ and St. Paul from 73¾ to 73⅜. Other active stocks were not affected by this decline. In the afternoon business was more active, and there was a general advance in prices. The strength of the market frightened smaller bears, who began to cover. Short interests are large, Union Pacific leading at 1-32@⅛ each, New York Central 1-64@1-32, Lackawanna 1-32@1-16, and St. Paul, Western Union and Lake Shore flat. Towards the close there was a reaction of ¼ to ½ per cent, and market left off firm. The report was current early in the day that Union Pacific is tended by issue bonds to take up the floating debt, but this was officially denied. Compared with last night's closing, prices are ¼ to 1¾ per cent lower.

PERSONAL MENTION.

Governor Stoneman returned yesterday to Sacramento.

John H. North and wife, of Kansas City, are in the city, guests of F. D. Board of University Southern California.

Otis T. Dyer, the leading banker of Riverside, is in the city, and complimented the TIMES with a call. He believes in Blaine.

Postmaster Filkins, of Riverside, is in Los Angeles, and called at the TIMES office to see how the election went. He believes in Blaine.

Mr. A. L. Barber, of Washington, D. C., a well-known real estate dealer and owner of Le Droit building and Le Droit Park, in the Capital City, is registered at the St. Elmo.

Abbott Kinney is in San Francisco, and will shortly be united in marriage to Miss Thornton, daughter of Justice Thornton, of the Supreme Court of California. Mr. Kinney will return home in a few weeks with his bride.

Messrs. George C. Bryant and C. W. Filkins, of Riverside, are in the city, purchasing furniture and supplies for the Bryant House, a new hotel in the flourishing town of Banning. The hotel will be opened on the first of December, and will be of great advantage to that section.

Wards and Precincts.

A great deal of confusion was occasioned in the late Presidential election by the division of the city into eight precincts instead of five wards, and many lost their votes thereby. In the coming municipal election the vote will be once more by wards. For the benefit of those who voted by precincts, the following statement is made: The First Ward includes the first and second precincts. The Second Ward includes the third and fourth precincts. The Third Ward includes the sixth precinct only. The Fourth Ward includes the fifth precinct only. The Fifth Ward includes the seventh and eighth precincts.

A Denial.

Chief Cuddy denies there was any severity in the treatment of a prisoner arrested by Officer Carpenter last Sunday on Commercial street. Chief Cuddy says the prisoner is a petit larceny thief, and that Officer Carpenter only struck him after great provocation. On the contrary, plenty of witnesses say the blow was severe. The cane is a heavy one, and the blow lacerated the man's head, causing the blood to flow. It is evident that Officer Carpenter should have a smaller "billy."

The Political Excitement.

The excitement of the public mind in Los Angeles over political affairs has not lost any strength, but is maintaining a calm surface, only to be again violently agitated when the final truth in regard to victory is known.

Thanks.

At the last regular meeting of the Los Angeles Orphans' Home Board of Managers, a vote of thanks was given to Miss L. J. Hammond for her welcome donation of winter hats for the girls of the Home.

THE COUNTY ELECTION.

The Count of the Official Returns Finished Yesterday.

The official count of the city and county of Los Angeles was finished yesterday afternoon by the Board of Supervisors, after two days' work. The figures in some instances are changed considerably from the incomplete returns published in the TIMES, but which were the best that could be had. Blaine has a majority of 912 and Markham 587. Three Republican Assemblymen are elected, namely, Banbury, Hazard and Edwards. The Democrats elected Miles, County Recorder, over Ward by the very small majority of 24, and Broaded, County Treasurer over Gephard by the small majority of 49. The fight which defeated Gephard was not made until election day, when the henchmen of Hellman's bank threw themselves into the third city precinct, and traded Gephard for anybody they could get. Had it been known three day's before the election that Hellman intended to make that guerilla fight against Gephard, the latter's majority would have been over 1,000. But it will keep for another two years, and the people will know it next time. The Democrats also get two Supervisors, namely, Ross, of Santa Ana, and Hinds, of Wilmington. Hinds is a well-known railroad employé and Ross is unknown, but can be counted upon to always vote against the Republicans. Henry T. Hazard, of this city, is the Assemblyman-elect from the Seventy-seventh District. He had the handsome majority of 694 over his Democratic opponent, Mr. Heathman, and a plurality of 391 over all his opponents, namely, Heathman (D.), Culver (P.), Janes (I.), and Ready (G.). Mr. Edwards (R.), of the Seventy-eighth Assembly District, was elected by the bare majority of 17. Hon. W. A. Cheney was elected Superior Judge over Hon. H. M. Smith (D.) by a majority of 143. Judge Brunson won the same prize over Brousseau (D.) by a majority of 636. Major George E. Gard is the next Sheriff by a majority of 256. Major Gard has promised to have only Republican deputies. Charles H. Dunsmoor's majority over A. W. Potts for County Clerk is 1304. They are both "good fellows," but Mr. Dunsmoor is the *best* fellow this time. Dr. McFarland's majority for Coroner is the largest of any—1712. The highest Prohibition vote was 343 for St. John and the highest Greenback vote was 208 for Butler. The total number of names on the Great Register is 12,600, of whom 1,743 failed to vote. The number of votes cast was 10,857. A recount will be had of the third city precinct. Following is a list of the candidates, with their

Use Niedt's Sensation Soap.

Not For Gosef.

The Los Angeles Herald, in a paragraph gloating over the removal of the Republican speakers' stand from Court street, unwittingly reveals a disgruntled spirit. It is evidently cut up over its ignoble defeat, the almost total loss of the Democratic county ticket, for the success of which, by overwhelming majorities, it pledged its word time and again during the progress of the campaign. It was a flagrant case of the maximum of promise and the minimum of performance.

The Herald is moved to remark:

The men who championed the cause of Blaine, [illegible]

——Like the Arabs,

Folded their tents and silently stole away.

No more will the festive Boyce and the saturnine Otis circle around the wooden enclosure which has seen Barnes drool and Sargent drivel. The places which have known these worthies will know them no more. Etc., etc., etc.

"Saturnine Otis" is good, very good—for Gosef, the flamboyant, "bleeding-owl," bombastic Lynch. He will never forgive the victorious Republicans of Los Angeles county for wresting the control of the Courthouse from the grasp of the Democratic ring, nor for "circling around" it with exultant shouts of triumph, as they did on last Thursday evening.

The classical and flamboyant individual is unfortunate in his poetical quotation. It is not the Republicans, but the other fellows, who "silently stole away." They have been at it, lo! these many years.

As to the "circling around" business, the flamboyant editor of the Herald should not be sensitive. He is at liberty to try his hand the next time his party gets control of the Courthouse. If he ever finds himself in a condition to get once around the old building without falling down, the TIMES will detail a special reporter to make a note of it. This paper is bound to have all the news, or break a trace.

Runaway Last Evening.

Last evening about 6 o'clock as Fred Miller, a young man employed in Valiant Brothers barber shop, was driving on Main street, near Temple block, he met a Chinaman in a wagon who clumsily ran his wagon into the buggy, smashing it up completely. Meier jumped out in time to save himself, but falling dislocated one finger. The horse ran down to Scott & McCullough's stable, on First street, where the outfit belonged. He was injured slightly. The Chinaman's horse and wagon was uninjured, but the owner was placed under arrest for careless driving.

Another New College.
